ATTACHEMENT OF BADGES

Subsequent attachment of any emblems to our protective garments is only possible if they have been certified as part of a type examination. Therefore we would advise that the finishing of our protective clothing products is carried out by HB as the manufacturer. If you would like to attach emblems to your HB Protective Wear garments yourself, please contact us. We will be happy to provide information on what to consider concerning material, size and fixing position when customising your HB collection.
