526 SANI-FLEX™ ANTI-MICROBIAL MAT

Ensure hygiene and comfort in sensitive environments with a high-visibility, anti-microbial mat designed for food processing and lab settings. This lightweight, non-shedding anti-fatigue mat is easy to clean and built to last. Solid construction and sealed, smooth edges help prevent bacterial growth—ensuring compliance, safety, and peace of mind in critical hygiene zones.

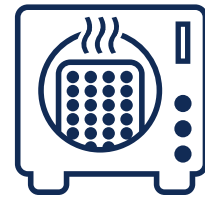

Anti-Microbial

Passes ASTM G21 and ASTM E2149.
Inhibits the growth of bacteria, viruses, fungi and parasites.

Solid Construction

Solid construction and rounded edges will not harbor foreign particles further inhibiting microbial growth.

Autoclavable

High pressure steam sterilization compatible, ideal for hygiene-critical environments.

526 Sani-Flex™ anti-microbial anti-fatigue mat

- Closed anti-slip gritted structure surface.
- Superb anti-fatigue properties.
- Heavy-duty 100% nitrile rubber compound.
- Passes ASTM G21 and ASTM E2149 - inhibits the growth of bacteria, viruses, fungi and parasites.
- Ideal for use in healthcare, food processing, and commercial kitchens.
