

Sani-Flex™ Antimicrobial Anti-Fatigue Mat, 526

Product Images

Short Description

- Heavy-duty 100% nitrile rubber compound resists oils and grease
- Overall thickness: 12.7 mm
- Closed anti-slip gritted structure surface
- Superb anti-fatigue properties due to its unique design underneath
- Ideal for use in the food industry to avoid contamination
- Autoclavable

Description

Enhance workplace safety and hygiene with the NoTrax non-shedding antimicrobial and antibacterial Sani-Flex™ anti-fatigue mat. Convuluted eggshell designed provides the optimum level of comfort. Designed for high visibility and combination of anti-slip surface, quality and durability, as well as oil/grease resistance. Made of tough non-marking nitrile rubber compounds, designed to yield a long service life. No sharp or jagged edges make it easy to clean and prevents the buildup of bacteria and food particles. Autoclavable, can withstand temperatures in excess of 180F (82C) to kill all living organisms. Stays in place ensure it wont shift or slide in dry environments, providing stable, long lasting comfort and protection.

Specifications

Model No	526
Dimensions	2'x 3'
Brand	NoTrax
Available Colors	Gray, Blue
Surface	Textured
Standard sizes	2'x3'
Environment	Dry Areas
Special Characteristics	Free of DOP, free of DMF, free of ozone depleting substances, free of silicone and free of heavy metals
Recommended Use	Areas where sanitation is crucial, such as in healthcare facilities, food processing areas, and commercial kitchens
Material Specifications	Nitrile rubber on microcellular vinyl base
Surface Detail	Structured pebble pattern
Performance Features	Anti Microbial
REACH Compliant	Yes
