

ELKA PRO Bib & Brace w/ extra strong knee reinforcement

ART. 079908

Durable ELKA PRO bib overall developed for professional work environments where comfort, flexibility and durability are essential. The robust polyamide fabric with PU coating combines high abrasion resistance with excellent freedom of movement and features a water column of 20,000 mm, ensuring reliable protection against water and moisture. Extra-durable reinforcements in the knee area increase longevity during kneeling work, while the reinforced crotch withstands daily wear and strain. Adjustable braces with Fix-lock fasteners and elasticated leg ends ensure a secure and comfortable fit throughout the working day. Developed for professional use in service, cleaning and other work environments with high demands for durability, comfort and protection.

- Pockets for knee pads, crafted from extra-durable fabric, significantly increasing abrasion resistance
- Adjustable braces with Fix-lock
- Elasticated leg ends
- Reinforced crotch
- Rain protection (EN 343, 4-1-X)
- Chemical protection (EN 14605, PB[4])
